

Suzette Jones Health & Wellbeing Adviser

In a career spanning over thirty years I have worked extensively with a wide variety of people who have severe health problems, mental illness and/or a learning disability in hospital and community settings.

How can I support your parish? By offering support and guidance to churches, I hope that together we can help improve the health & wellbeing of all people in the Diocese regardless of faith or none.

My work includes: holding awareness talks, training & seminars for churches, voluntary groups and individuals on a range of mental and physical health issues including mental illness, domestic abuse, drug & alcohol abuse, self harm & suicide, chronic pain, people with learning disabilities, disability, carers.

I also carry out research and advise support groups; whilst working in partnership with the statutory and voluntary sectors to ensure the vulnerable in our society are supported and valued.

Please do contact me if you would like to discuss any issues, are interested in attending a training session, or are interested in hosting an event.
